New Business:

1. Performance at IBA discussion regarding compensation.
Discussion centered on the loss of money from previously scheduled jobs for some musicians in the band. The rehearsals for IBA are currently scheduled around the CR symphony schedule. However several of those musicians also teach lessons part time and the loss of 10 hours for one performance would create a hardship for them. There are a majority of members who are available to play the dates as currently listed. The decision is to proceed as originally determined. Those who cannot make the performance for whatever reason may decline and the commission will contract from the sub list.
2. Bow ties – to purchase additional ones or to discontinue use of.
Bring your own ties to the photo op. February 26th at 5:30 pm. Bring your own bowties if possible and bring your instrument. Heidi will contact the membership.
3. Hoover Fest update. A contract has been submitted for approval. The contract will be signed and returned. The band will need one 20 amp – 110 volt circuit.
